500 WORD STATEMENT

It's been an honor and pleasure to have served our 18000+ members as a GCSAA Director these past two years. I appreciate the support and trust that you have given me. I once again will ask you for your continued support to help lead this great association of ours into the future.

During the past two years it has been anything but business as usual. With the pandemic beginning in early 2020 we were all impacted in some way. As a first-year director I was glad that I was in the position of working with our GCSAA Board and the GCSAA staff to navigate through the adversity we were presented with. I was never so proud as to be a part of our association as we helped our member through this difficult time. During this time the GCSAA showed their leadership and developed even stronger relationships with our allied partners as we all navigated these trials and changing times together. Even with all this going on we never lost sight of our mission statement: to serve our members, advancing our profession and enhancing the enjoyment, growth and the vitality of the game of golf.

In my career I have been in three different regions of the United States, Mid-West, Mid-Atlantic and now the Southwest. During this time, I have served on the Board of Directors in each of the chapters and served on many committees both locally and nationally. These experiences have fueled my passion and motivation for the golf industry. Having served on The GCSAA Board of Directors the last two years has propelled my passion for our association even higher.

As the chairman of our BMP committee for the Cactus and Pines GCSAA Chapter I helped to develop our states BMP's This will help us as we talk to government officials to show them what we are doing to protect and enhance our environment and usage of our precious resources. This was a very rewarding experience both personally and professionally. This year I also had the opportunity to have a First Green Program at White Mountain C.C. and found it to be a rewarding and enlightening experience. Many children and the adults that accompanied them were impacted by this program and learned more about our profession.

I want to thank the Cactus and Pines GCSA chapter for their nomination and support in my bid for re-election to the GCSAA Board Directors in 2022. I am enthused once again with the opportunity to serve our members and our association in this capacity. It would be an honor and privilege to continue to serve this association and help propel it into the future.

Respectfully,

Doug Dykstra, CGCS
